

F34 Certificate of Decontamination V7 en V2

Dear Customer,

In order to protect our employees, any contact with contaminated devices is to be avoided. It is therefore necessary to print and complete this Certificate of Decontamination for every device or instrument to be returned to AXIOS 3D. Please attach the completed form to the transport box or crate!

Returned devices not accompanied by a Certificate of Decontamination will be returned to the sender without being opened.
